EDUCATION

University of Technology Sydney
Bachelor of Computing Science
Expected Graduation: Mid 2027

Sydney, NSW
6.78 / 7.00

University of Technology Sydney
Bachelor of Medical Science (Honours)

Sydney, NSW
7.00 / 7.00

EXPERIENCE

Westpac

Work placement intern

Sydney, NSW
24/10/2025 - 05/12/2025

- Supported development of internal banking applications by using Snyk to identify security vulnerabilities and communicate remediation strategies to development teams.
- Provided meaningful suggestions for PySpark queries to improve code readability and re-usability.

University of Technology Sydney
Casual Academic - 33230 Mathematics 2

Sydney, NSW
02/2025 - 09/2025

- Delivered Maths 2 learning material covering complex calculus topics, such as linear algebra, partial derivatives, multiple integrals, linear regression, and more.
- Answered student questions during class by emphasising on question deconstruction and problem solving approaches in various different topics.

PROJECTS

Library management system (JavaFX, Java, SQLite) – Currently in progress

- Developed a proof-of-concept library management system in Java using object-oriented programming principles, implementing user authentication, login/logout workflows, and SQLite-based persistent data storage for students and teachers.
- Implemented a database schema in conjunction with backend models and related logic to create, read, update, and delete operations, enabling management of persistent data.

Portfolio Website (HTML, CSS, JavaScript)

- Developed and deployed a responsive and modern portfolio website to showcase professional and project experience on netlify.
- Implemented dynamic DOM event listeners and interactive UI components to strengthen the understanding Frontend development.

TECHNICAL SKILLS

Programming languages: Java, Python, TypeScript, HTML, CSS, and JavaScript.

Tools: Github, Postman, Jira, Confluence, and Figma.

Database: SQL and SQLite.
